PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

The Kharkov Tank OCS is located in the west sector of Kharkov immediately southwest of Kharkov Army Barracks Southwest (Figure 1). The installation is probably associated with a training area located 7 kilometers (km) east of the installation. The primary function of the training area is driver training for tracked vehicles.

Kharkov Tank OCS covers approximately 80 acres and contains 4 multistory barracks, 3 multistory classroom/administration build-

ings, 31 general storage buildings, 5 vehicle sheds, and 16 support buildings (Figures 2 and 3).

The area is covered by [REDACTED] TALENT photography and [REDACTED] KEYHOLE missions between [REDACTED] One multistory classroom/administration building was added and 2 storage buildings were removed between [REDACTED] The installation appears active on all coverage.

DESCRIPTION OF INSTALLATION

Railroad Service

A rail spur from the Bryansk-Kharkov rail line serves storage Area E1 with 4 sub-spurs.

Road Service

The installation has direct access to Kharkov streets and all roads radiating from Kharkov.

Administrative and Troop Housing Areas

Area D1 (Figure 3) is secured by a probable fence and contains 2 multistory barracks, 2 multistory classroom/administration buildings, and 2 support buildings. One multistory probable classroom/administration building was added between [REDACTED]

Area D2 is secured by a probable fence and contains 2 multistory barracks, 1 probable multistory classroom/administration building, and 8 support buildings. No change has been observed in this area since [REDACTED]

General Storage Areas

Area E1 contains 20 general storage and 6 support buildings; 11 of the storage buildings are secured by a wall and are rail served. Firewalls of the larger buildings are observed on TALENT coverage.

Area E2 is secured by a probable wall and contains 11 general storage buildings, none of which are rail served, although all are road served. Two buildings were removed between [REDACTED]

POL Storage Areas

There are 4 POL storage areas within a 10-mile radius of the installation. Two medium POL tanks are located 5 km north, at 50-02N 036-11E; 11 medium tanks are located 3.5 km north, at 50-01N 036-11E; 11 medium vertical and 8 small horizontal tanks are located 5 km east-southeast, at 49-48N 036-16E; and 17 large and 14 medium tanks are located 16 km east, at 49-48N 036-29E.

Equipment Storage/Maintenance Areas

Area J1 contains one 85- by 25-foot vehicle shed. Vehicles were observed on TALENT photography. Scarring indicates the area is active.

Area J2 contains four 120- by 25-foot vehicle sheds. Scarring on TALENT and KEYHOLE photography indicates the area has been active throughout the period of coverage.
